sores, and this resemblance often proves fatal. Valuable time is lost in fruitless efforts to heal the sore with washes and salves, because the germs of Cancer that are multiplying in the blood and the new Cancer cells which are constantly develop-

ing keep up the irritation and discharge, and at last sharp shooting pains announce the approach of the eating and sloughing stage, and a hideous, sickening cancerous sore begins its No ulcer or sore can exist without some predisposing internal cause that has poisoned the blood, and the open discharging ulcer, or the festering sore on the lip, cheek or other part of the body will continue to In February, 1899, I noticed a small

part of the body will continue to spread and eat deeper into the flesh unless the blood is purified and the Cancer germs or morbid matter climinated from the circulation.

S. S. S. cleanses the blood of all decaying effete matter. It has great antidotal and purifying properties that soon destroy the germs and poisons and restore the blood to its natural condition. And when pure blood is S carried to the ulcer or sore the healing process begins, the discharge ceases and the place heals over and new skin forms. S. S.
